## *Notices and Letters*

**Doyle Drive Project**  
Draft Environmental Impact Statement/Report  
and Draft Section 4(f) Evaluation

creation of a wake turbulence hazard may exist; 5) the existence of the proposed tower may interfere with air-to-ground communications; 6) the location of the proposed tower presents a possible collision hazard by being near the existing Twin Island Lake Visual Check Point; and 7) proliferation of towers in the Point Mackenzie area.

#### Meeting Procedures

(a) The meeting will be informal in nature and will be conducted by representatives of the FAA Alaskan Region.

(b) The meeting will be open to all persons on a space-available basis. Every effort was made to provide a meeting site with sufficient seating capacity for the expected participation. There will be no admission fee nor other charge to attend and participate.

(c) Any person wishing to make a presentation to the FAA Team will be asked to sign in and estimate the amount of time needed for such presentation. This will permit the Team to allocate an appropriate amount of time for each presenter. The Team may limit the time available for each presentation in order to accommodate all speakers. The meeting will not be adjourned until everyone on the list has had an opportunity to address the panel. The meeting may be adjourned at any time once all persons present have had the opportunity to speak.

(d) Any person who wishes to present a position paper to the Team pertinent to the aeronautical impact of the tower may do so.

(e) Persons wishing to hand out pertinent position papers to the attendees should present two copies to the presiding officer and have sufficient additional copies available for all attendees.

(f) The meeting will not be formally recorded. However, informal tape recordings may be made of the presentations to ensure that each respondent's comments are noted accurately.

(g) An official verbatim transcript or minutes of the informal airspace meeting will not be made. However, a list of the attendees, written statements received from attendees during and after the meeting, and a digest of discussions during the meeting will be included in the aeronautical study file.

(h) Every reasonable effort will be made to hear each request for presentation consistent with a reasonable closing time for the meeting. Written materials may also be submitted to the Team for up to seven (7) days after the close of the meeting.

#### Agenda

- (a) Opening Remarks and Discussion of Meeting Procedures
- (b) Briefing on Tower Proposal
- (c) Public Presentations
- (d) Closing Comments

##### Federal Highway Administration

##### Environmental Impact Statement: San Francisco City and County, California

**AGENCY:** Federal Highway Administration (FHWA), DOT.

**ACTION:** Notice of intent.

**SUMMARY:** The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared for a proposed roadway improvement project in San Francisco City and County, California.

**FOR FURTHER INFORMATION CONTACT:** G. P. Bill Wong, Acting Team Leader, Project Delivery Team North, Federal Highway Administration, California Division, 980 Ninth Street, Suite 400, Sacramento, California 95814-2724. Telephone: 916-498-5042.

**SUPPLEMENTARY INFORMATION:** The FHWA, working with the California Department of Transportation and the San Francisco County Transportation Authority, will prepare an environmental impact statement (EIS) on a proposal to improve State Route 101, in the City and County of San Francisco, California. The proposed improvement would involve construction of a new roadway to replace the existing southern approach to the Golden Gate Bridge, between the Golden Gate Bridge Toll Plaza and Broderick Street for a distance of just over one mile. State Route 101 at this location is known as Doyle Drive.

The project is considered necessary to increase safety, to replace the existing elevated 57-year old roadway to meet current seismic standards, to minimize the impacts of the highway and its traffic on the Presidio and the local communities, and improve access to the Presidio. Alternatives under consideration include (1) taking no action; (2) construct six-lane at-grade parkway on same alignment; and (3)

transportation system management improvements.

The project area is located within the Presidio of San Francisco, which is part of the Golden Gate National Recreation Area. The Presidio Trust and the National Park Service are land management agencies for the Presidio. The Presidio is a National Historic Landmark.

Letters describing this proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies and to private organizations and individuals that have previously expressed, or are known to have, an interest in this proposal. Three public scoping meetings will be held on the following dates, times and locations: (1) Friday, March 3, 2000 from 9:30 a.m. to 1:00 p.m. at 100 Van Ness, 25th Floor, San Francisco; (2) Tuesday, March 14, 2000 from 3:00 p.m. to 8:00 p.m. at the Golden Gate Club, The Presidio Building 135, Fisher Loop, San Francisco; and (3) Wednesday, March 15, 2000 from 6:00 p.m. to 9:00 p.m. at Marin Center Exhibit Hall, Avenue of the Flags, San Rafael, CA.

To ensure that the full range of issues and alternatives related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA at the address provided above.

(Catalogue of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program)

Issued on February 10, 2000.

### Project Description

The purpose of the Doyle Drive Environmental and Design Study Project is to improve traffic conditions and the Structural and seismic safety of the roadway. All alternatives will be evaluated for consistency with the San Francisco General Plan and the Final Presidio General Management Plan Amendment (GMPA).

Subject: Species List for Doyle Drive Expansion Project

Dear: Ms. Lowe

We are sending this official species list in response to your July 7, 2004 request for information about endangered and threatened species. The list covers the California counties and/or U.S. Geological Survey 7½ minute quad or quads you requested. You have stated that this list is for consultation with the Fish & Wildlife Service.

Our database was developed primarily to assist Federal agencies that are consulting with us. Therefore, our lists include all of the sensitive species that have been found in a certain area *and also ones that may be affected by projects in the area*. For example, a fish may be on the list for a quad if it lives somewhere downstream from that quad. Birds are included even if they only migrate through an area. In other words, we include all of the species we want people to consider when they do something that affects the environment.

Please read Important Information About Your Species List (below). It explains how we made the list and describes your responsibilities under the Endangered Species Act.

Our database is constantly updated as species are proposed, listed and delisted. If you address proposed, candidate and special concern species in your planning, this should not be a problem. However, we recommend that you get an updated list every 90 days. That would be October 05, 2004.

Please contact us if your project may affect endangered or threatened species or if you have any questions about the attached list or your responsibilities under the Endangered Species Act. A list of Endangered Species Program contacts can be found at [sacramento.fws.gov/es/branches.htm](http://sacramento.fws.gov/es/branches.htm).
