

Construction Advisory

October 2018

INCREASED ACTIVITY THROUGHOUT PRESIDIO & LANE CLOSURES ON NORTHBOUND HWY 101

There will be increased work activity throughout the Presidio **over the next three weeks** as crews finish the final stages of construction for the Presidio Parkway project. Work will include increased truck hauling, site clean-up, and landscaping. The construction team is excited to be wrapping up this important project!

As part of this work, **from Monday, October 8 through Wednesday, October 10**, overnight lane closures are scheduled along Highway 101 through the Battery Tunnel. Lane closures are required for crews to pull wiring. The lane closures are scheduled from 10:00 p.m. to 4:30 a.m. the following morning, and must occur at night to avoid traffic impacts.

Once these final activities are complete, the Presidio Trust will start on the Tunnel Tops project to build out the parkland area over the new Presidio Parkway tunnels. Learn more about that project at: presidio.gov/tunnel-tops

Thank you for your patience during these final activities.

All dates are subject to change due to weather and unforeseen conditions.

Please visit www.PresidioParkway.org for up-to-date information.
